1. What Do You Want To Do?

- Step 1 : Think about the kind of career you want.
- Consider what you enjoy (your interests)
 - What's important to you (your values)
 - What you're good at doing (your skills and abilities)
 - What you are like as a person (your personality traits)
- Step 2 : Getting information on careers that interest you.
- Training or education required to enter and advance in the career
 - The environment for the work (indoors, outdoors, with others, alone)
 - Skills, values, interest and personal traits of people who are successful in the career
 - Daily tasks
 - Realistic salary and benefits
- Step 3 : Decide on a career
- Most challenging part of the process ~ for help try the following exercise, "Finding the Right Choice"
